Renovation Zigbaboto Primary School

Welkite, Ethiopia, March 2023

Thanks to your EUR 6.000 contribution we we're able to **renovate** one of our three school-buildings.

It was **out of use**: cracks in the floor, holes in the wall and the risk that the whole structure might come down.

On behalf of the **children, their parents and the teachers,** **ameseginalahu** for your **support.**

The floor has been **leveled**, the walls are **plastered** and the interior is **refurbished**.

Thanks to your contribution our pupils in their final year at Zigaboto are **now taught** this building.
